NOTICE OF APPLICATION FOR WASTE DISCHARGE PERMIT RENEWAL

MCGINNES INDUSTRIAL MAINTENANCE CORPORATION, 5837 Northdale Street, Houston, Texas 77087 has applied to the Texas Department of Water Resources for renewal of Permit No. 01221 which authorizes a discharge of sludge effluent at a volume not to exceed an average flow of 1,000,000 gallons per day from the sludge treatment facility which is located adjacent to Carancahua Lake and the Intracoastal Canal on Hall Bayou Ranch property in the L. T. Yowell Survey, Galveston County, Texas. The effluent is discharged into the Intracoastal Waterway; thence into Segment No. 2424, which is West Bay, a part of the Trinity-San Jacinto Estuary.

The permit, if renewed by the Commission, will specify conditions and limitations generally the same as those currently enforced by the existing permit. The expiration date of the existing permit was June 4, 1984. It is proposed that the expiration date be specified as midnight, five years after date of Commission approval.

Legal Authority: Section 26.028 of the Texas Water Code, as amended, and 31 TAC 341 of the Rules of the Texas Department of Water Resources.

No public hearing will be held on this application unless an affected person who has received notice of the application has requested a public hearing. Any such request for a public hearing shall be in writing and contain (1) the name, mailing address and phone number of the person making the request; and (2) a brief description of how the requester, or persons represented by the requester, would be adversely affected by the granting of the application. If the Commission determines that the request sets out an issue which is relevant to the permit decision, or that a public hearing would serve the public interest, the Commission shall conduct a public hearing, after the issuance of proper and timely notice of the hearing. If no sufficient request for hearing is received within 30 days of the date of publication of the notice concerning the application, the permit will be submitted to the Commission for final decision on the application.

Requests for a public hearing and/or requests for further information concerning any aspect of the application should be submitted in writing to the Chief Hearings Examiner, Texas Water Commission, P.O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 475-2678.

Issued this 19th day of July, 1984.
